

**Dr. Coldwell's Candida Protocol (Item #7066)**  
A Healthy and Effective Wellness Protocol for Managing Yeast

---

**Products included in this Wellness Protocol are:**

- ① CandidaEX (6055)-Candida Overgrowth Relief Formulas
- ① Tracite (2031)-Fulvic Trace Minerals
- ① Micronized Mag/Cal in 7:5 Ratio (2008)-Magnesium Calcium Blend

**Protocol Overview**

Candida occurs when something upsets the balance of bacteria in the body which allows yeast to take over the healthy bacteria. Candida is typically found in the intestinal tract, throat, mouth and genitals. However if not treated, overtime, it can makes its way into the bloodstream and organs. Some of the most common symptoms of Candida include: headaches, abdominal gas and bloating, diarrhea/constipation, fatigue, anxiety/depression, craving for sweets/alcohol, and acne.

This Wellness Protocol brings together the traditional herbs, vitamins and minerals of our individual formulations to manage the symptoms of yeast overgrowth.

**CandidaEX** contains herbs that aggressively destroy invaders of the bowel, blood and other organ systems. CandidaEx also contains a wide variety of probiotics for returning the healthy bacteria to the bowel and restoring the pH of the body to a more natural level.

**Tracite** contains 77 essential mineral and trace elements which work to shuttle toxins out of the body and support the immune system. Tracite also helps to deliver vitamins and herbs to cells quicker and more efficiently.

**Micronized Mag/Cal in 7:5 Ratio** opens the bowel to allow CandidaEx to work quicker and more efficiently. Also helps to lower the acidity of the body to a more alkaline level.

Note: Additional information for the above products is included in the subsequent datasheets.
